

A LITTLE EFFORT NOW WILL WIN

But six weeks remain in the contest. Up to the present time the work has been largely preliminary. Now, however, the contest will take on the form of keen competition. Ten or twelve new yearly subscriptions to The Tribune or twice that number to The Telegram will give an entirely new contestant the lead. Think of that. Unless you begin active work at once, however, the winning will be much harder. There are 44 prizes to be awarded, besides the special prizes which are announced from time to time. Make up your mind to be in the winning class. A little effort now will win for you.

Miss Florence Nelson.

Miss Florence Nelson, Murray, Utah, district 3, has now over 28,000 votes to her credit and is rapidly forging to the front. She was born in Chicago, Ill., August 22, 1891, and lived there for four years before coming west with her parents. She graduated from the Carleton school, district 3, at Mill Creek, five years ago. She is now employed by the Murray Independent Telephone company as night operator. In this capacity she has had the opportunity of becoming acquainted with and making friends of hundreds of people in the Murray district who are decidedly interested in her candidacy.

Miss Lavon Jensen.

One of the latest candidates to enter The Tribune and Telegram's \$10,000 contest is Miss Lavon Jensen, district 4. Having only announced her candidacy last week, she has already shown by her enthusiasm and energetic efforts that she intends to win. Another week should see her up with the leaders. Miss Jensen is employed by the Morrison-Merrill Lumber company and is receiving their hearty support, together with that of other Salt Lake business men, with whom she is a great favorite. She has expressed her determination to win one of the special trips to Yellowstone park, and from present indications she will be a keen contender for the honors.

Miss Faith Redman.

With over 100,000 votes to her credit, Miss Faith Redman, 755 Third avenue, district 2, is making things warm for her competitors. She is a very popular young lady, especially in high school circles, and is receiving the almost unanimous support of their efforts. Miss Redman is trying hard for one of the double trips to Yellowstone park and the way she is bringing in votes and subscriptions it appears that she has an excellent chance of winning the special prize offered to Salt Lake candidates.

Mrs. E. Boyd.

Despite the fact that she entered the contest several weeks after its inception and did not begin active work at once, Mrs. E. Boyd, 752 Jefferson avenue, district 2, is going to be one of the hardest contestants to defeat in this division. She has now about 13,000 votes to her credit, and as she was a late comer this is a very creditable beginning. Mrs. Boyd is well known in Salt Lake City and vicinity and her friends are doing their best to have her declared a winner. She, like many others, hopes to win one of the double trips to Yellowstone park now being offered as a special prize.

Mrs. W. C. Price.

Perhaps one of the most enterprising and enthusiastic candidates in the entire contest is Mrs. W. C. Price, 24 East First South, district 2. She has over 110,000 votes to her credit, which means that she is one of the leaders of the race and is right in line for one of the capital prizes. Mrs. Price has worked hard and has therefore, got excellent results. She has many promises of subscriptions from her numerous friends, and these orders will help to swell her already large vote total.

Edgar W. Hempel

Here is a young candidate in the \$10,000 contest who is making things hum. Edgar W. Hempel, while but 12 years of age, has over 147,000 votes to his credit, which gives him rank among the leaders of the contest. He is the son of Lieut. John Hempel of the police force and the latter has been instrumental in getting thousands of votes for his son. Edgar is a hunter himself, and does not overlook any opportunities to secure votes. He is attending public school and is a general favorite with his classmates. He is right in line for one of the double trips to Yellowstone park.

Miss Sadie Price.

District No. 4 has a very good candidate in Miss Sadie Price, 211 East Third South. She is employed in the millinery department of the Z. C. M. L., and is very popular with her employers as well as among the employees. She has already polled over 46,000 votes and is going to increase her vote total much more rapidly in the near future. In fact, she intends taking a two-weeks' vacation and devoting her entire time to securing subscriptions for The Tribune and Telegram. By her sweet disposition she has made friends in all parts of the city, who are interested in having her win.

YELLOWSTONE

Two double free trips to the Yellowstone National Park are to be given to candidates for just two weeks' work. This sub-contest started July 11 and will end July 23—next Saturday night. Two contestants—one in Salt Lake City and one in territory outside of Salt Lake—will be awarded these trips and they are each privileged to choose a companion to accompany them, the expense of all parties concerned being paid by The Tribune and Telegram. The two candidates who turn in the largest amount of new cash subscriptions to The Tribune and Telegram will be the winners.

ONE MORE WEEK IN WHICH TO WORK

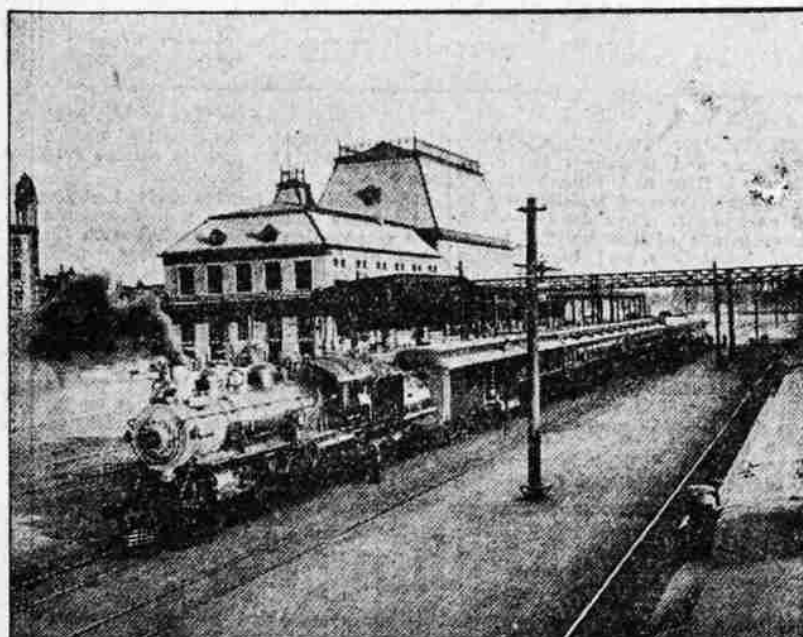

But one more week remains in this sub-contest. This calls for active work on the part of each candidate and active co-operation on the part of friends of contestants. Candidates who desire to win one of these excellent double trips should announce to their friends that the one who helps him or her most will be chosen to go to Yellowstone park. This will cause good-natured rivalry and secure a class of co-operation that will net thousands of votes. These Yellowstone trips are transferable and may be disposed of in any manner satisfactory to candidates. Votes secured during the sub-contest are also good in the contest proper and the winning of a double trip to Yellowstone park will not disqualify a candidate from winning one of the main prizes.

TAKE YOUR CHOICE OF THE PRIZES

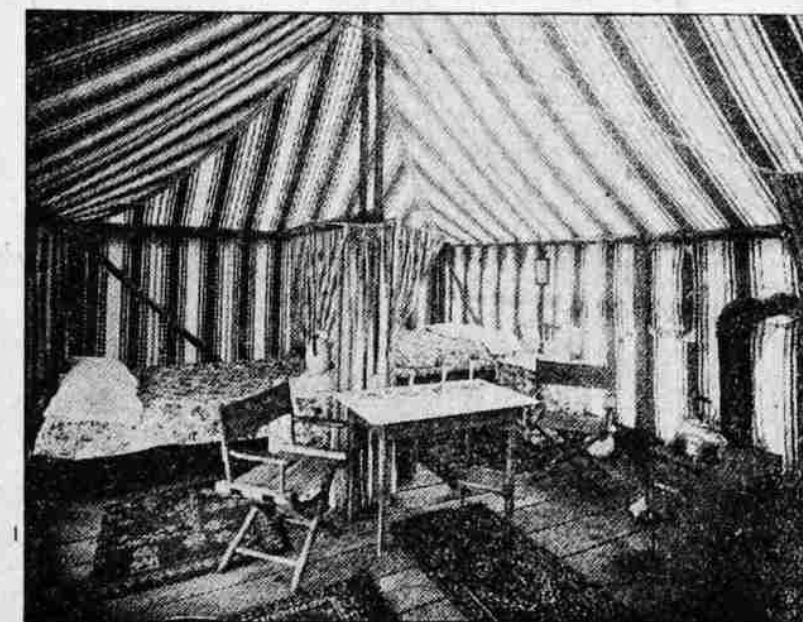

Where there's a will there's a way. It all depends upon YOU as to whether or not you get YOUR share of these valuable prizes. About twenty new contestants entered the race during the past week and the way they have forged to the front proves conclusively what can be done when a little effort and will power is exerted. Pick out the prize you want most and work for it. Keep it constantly in mind and tell your friends of your ambition. They will be glad to help you when they see you are helping yourself. Full particulars of the contest have been run so frequently that it is not deemed necessary to publish the details again, but if you do not understand every phase of the contest, or if you want assistance of any kind, phone or write the Contest Department of The Tribune and Telegram and the information and help you want will be forthcoming.
